"The best thing about Sterling College is that the instructors will really help you achieve your ultimate goal. They will guide you, boost your confidence and will be there every step of the way."

- Armie Sanchez

In 2020, Red Deer College entered into a partnership with Sterling College, to form Red Deer College at Sterling College – delivering programs exclusively to international students at two campus locations throughout Canada.

Program	Duration
Health Care Practice and Management	2 Years
International Fees	Start Dates
\$13,500 per year	Fall, Winter, Summer

PROGRAM OVERVIEW

The Health Care Practice and Management is a non-credit program that prepares Internationally Educated Nurses to integrate their prior education and take on management or leadership roles in the dynamic Canadian healthcare environment.

In this comprehensive and applied two-year program, learners will enhance their theoretical nursing knowledge and clinical nursing skills within the Canadian context. The program draws upon management and organizational knowledge to support learners who aspire to manage and lead within healthcare organizations. Foundational business and management concepts are applied to challenges faced by both public and private healthcare organizations.

ENTRY REQUIREMENTS

- Bachelor of Science in Nursing from a recognized institution;
- Registered as a registered nurse (RN) in good standing in their country of origin;
- Minimum of 1125 hours of nursing experience within the last four years prior to application;
- Overall IELTS Academic 6.5 (with no band below 6.0 or equivalent);
- Must pass an assessment test and an interview with the Program Leader

ADMISSIONS PROCESS

1

Study online and save on housing and other expenses

2

Come to Canada and study on-campus

3

Graduate and start your career

The program is designed to provide Internationally Educated Nurses with opportunities to integrate their learned concepts and experiences into the Canadian healthcare environment. Students will gain test taking strategies for NCAS (Nursing Community Assessment Service), CPNRE (Canadian Practical Nursing Registration Examination), SEC (Substantive Equivalent Competence), OSCE (Objective Structured Clinical Exams), ARNAP (Alberta Registered Nurse Assessment Program), (IENCAP) Internationally Educated Nurses Competency Assessment Program and NCLEX-RN®. If you are an IEN looking to meet Canadian standards as you prepare for an exciting RN role, this program is for you!

*Deficiencies are determined by the regulatory body and vary by individual. Deficiencies are usually satisfied through courses stipulated by each regulatory body. Eligibility to write the CPNRE or NCLEX RN is the sole discretion of the nursing regulatory body for both LPN's and RN's in Canada. The pathway may be subject to change. Effective April 2020

"What I love about Sterling College is that the instructors are there to help each student with hands-on training to accomplish their goals."

- Kathlean Miranda

DIPLOMA IN SOFTWARE DEVELOPMENT

PROGRAM OVERVIEW

Prepare yourself for a career in the software development field or advance your current position. Learn how to code, and focus on topic areas such as databases, system administration, security, data communications and web development.

The purpose of this program is to provide students with the opportunity to earn a diploma with technical skills in software development that meet the needs of the industry. The program will prepare students for employment in entry-level developer or tester roles in a range of organizational contexts, or to proceed to further study. The program is designed for students seeking to focus on one or more application domains, such as general Application Development, Web Development, Games Development, or Mobile Applications Development. Upon successful completion of the Diploma in Software Development program, graduates will be positioned to enter careers as Computer Programmers, Web Developers, Software Testers, Mobile Application Developers and many more!
