WHY STUDY A SWINBURNE DEGREE AT INTI?

1 One university, two countries

Swinburne, in partnership with the Sarawak State Government, has been delivering high-quality undergraduate and postgraduate degrees at its Sarawak campus in Kuching for two decades.

The partnership between Swinburne and INTI aims to build on this successful relationship by providing access to transnational resources, study trips, semester abroad programs, as well as seamless transfer opportunities for both Malaysian and Australian students between Peninsular Malaysia, Sarawak and Melbourne.

2 Global rankings

Swinburne University of Technology is ranked number 45 in the world by the 2021 QS World University Rankings Top 50 Under 50.

3 Swinburne testamur

INTI students will be awarded a Swinburne testamur upon successful completion of their degree – allowing greater global recognition and opportunities.

4 Professionally accredited

The degrees are recognised by professional organisations such as Australian Computer Society, CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ) and many more.

5 Study abroad

Attractive study abroad options are available to INTI students who wish to spend a semester at Swinburne, in Melbourne Australia. INTI students can also transfer to the Melbourne campus provided they meet the entry requirements and have completed one year of their undergraduate studies at INTI.

6 Delivery and assessment

We have a dedicated office to provide students with personal assistance in regards to all Swinburne academic and administrative matters.

Experienced staff working in close collaboration with their Australian colleagues will be able to provide the necessary counselling to help students select the right academic and career pathway.

Swinburne Australia will be directly involved in the learning process, by both assuring the quality of all subjects in the degrees and undertaking guest seminars in each semester.

7 Swinburne online resource library

Students studying a Swinburne degree at INTI will be enrolled as Swinburne students, which will grant them access to a wide range of online resources that are available at Swinburne (e.g. e-books, e-journals, e-teaching and learning materials).

8 Scholarships

Scholarships are available to INTI students from INTI applying for a Swinburne degree in Australia.

9 Internships

Internships provide students with an opportunity to integrate and apply their university knowledge in an industry context. Students to work for a minimum of two months in a pre-selected organisation.

10 Graduation

Students who complete a Swinburne degree at INTI can choose to participate in the graduation ceremony in Malaysia, or in a graduation ceremony held in Melbourne, Australia.

11 High return on investment

Fees at INTI campuses are charged in Malaysian Ringgit and are significantly lower than studying in Australia.

PREPARING YOU FOR EMPLOYMENT

Graduate employability, industry readiness, and innovative teaching and learning is at the centre of what we do. A Swinburne degree at INTI provides the required learning and practical experiences that build on key competencies to meet the needs of digitalisation of industry, health, cities, and society.

Education is about more than knowledge. It's about true job readiness. At INTI, we aim to ensure our students graduate with not only the best qualification, but with the best possible career and work opportunities for their future.

INTI's On Campus Recruitment is an initiative to provide our students the access and exposure they need to secure jobs with top local and international employers. The programme, which includes resume writing workshops, mock interviews, personal grooming and conversational skills, equips students with the soft skills necessary to get the job they want.

STUDY OPTIONS AND ACADEMIC PATHWAYS

ENTRY REQUIREMENTS 2021

BACHELOR OF BUSINESS INFORMATION SYSTEMS

QUALIFICATIONS

BACHELOR OF BUSINESS INFORMATION SYSTEMS (3+0) IN COLLABORATION WITH SWINBURNE UNIVERSITY OF TECHNOLOGY, AUSTRALIA

INTI Diploma

Having completed an INTI Diploma Programme with an average of 60% (CGPA 2.50). Credit transfer up to the equivalent of 1 year. (Other diplomas are subject to university's approval)

Diploma

Diploma in Computer Science/ Software Engineering/ IT/ Information System or equivalent with an average score of 65% Note: Any diploma in Science and Technology or business studies with minimum CGPA 2.50 are subject to university's approval

INTI Foundation

Having completed an INTI Foundation programme with an average of 60% (CGPA 2.40). (Average of 60% in English - study must be completed not more than one year prior to commencing study at Swinburne)

Foundation

Having completed Foundation programme with an average of 65%. (Average of 70% in English - study must be completed not more than one year prior to commencing study at Swinburne)

STPM

Pass 3 subjects in STPM with minimum CGPA 2.50

Unified Examination Certificate (UEC)

Average of best 5 subjects - Average of 65% or better including Mathematics.
Use the median score of each grade to calculate the average of 5 academic subjects.
(A1: 100 - 85; A2: 84 - 80; B3: 79 - 75; B4: 74 - 70; B5: 69 - 65; B6: 64 - 60; C7: 57 - 55; C8: 54 - 50; F9: 49 - 0)

Cambridge A Levels

(A Levels incorporating Cambridge, GCE, Malaysia, Singapore & UK)

Minimum value of 8 must be achieved in 3 subjects at A Levels.
Grades for A Levels are: A=5, B=4, C=3, D=2, E=1

Australian Senior High School Certificate

(e.g. South Australia Certificate of Education or VCE)

Minimum Australian Tertiary Admission Rank (ATAR) of 60. Score of 30 in English as Alternate Language (EAL) for Victorian Certificate of Education (VCE) or equivalent

Australian Foundation Programme

(e.g. Monash University Foundation Year)

Minimum average score of 65%. (Average of 70% in English - study must be completed not more than one year prior to commencing study at Swinburne)

International Baccalaureate (IB)

Evidence of IB Diploma Award

Minimum 6 subjects including minimum 4 in pre-requisite subjects.

Minimum 24 points.

The minimum score requirement is derived by adding the result in each subject.
A minimum score of 4 is required in pre-requisite subjects

Note: For Bachelor of Business Information Systems, students need to obtain a credit in Mathematics at SPM level or its equivalent.

BACHELOR OF BUSINESS BACHELOR OF COMPUTER SCIENCE

QUALIFICATIONS

BACHELOR OF BUSINESS (3+0) IN COLLABORATION WITH SWINBURNE UNIVERSITY OF TECHNOLOGY, AUSTRALIA

BACHELOR OF COMPUTER SCIENCE (3+0) IN COLLABORATION WITH SWINBURNE UNIVERSITY OF TECHNOLOGY, AUSTRALIA

ACCOUNTING

BACHELOR OF BUSINESS WITH A MAJOR IN ACCOUNTING

Develop skills that are fundamental to evaluating, analysing and communicating the financial position of an organisation or individual. Become prepared in the areas of financial information systems, management accounting, company accounting, financial management, tax and auditing. Students seeking professional accreditation must complete additional units.

Subjects in the Accounting specialisation include: Financial Information Systems, Management Accounting for Planning and Control, Company Accounting, Financial Management, Taxation, Accounting Theory, Auditing, and Law of Commerce.

Plus: Electives from any field of study e.g. Finance, Human Resource Management, International Business, Management, Marketing.

Graduates with an Accounting specialisation may be eligible to apply for membership of CPA Australia (CPAA), Chartered Accountants Australia and New Zealand (CAANZ), the Association of Chartered Certified Accountants (ACCA) or the Institute of Public Accountants (IPA).

Note:

- To be eligible for CA/CPA students must also complete a unit LAW20019 Law of Commerce.
- Compulsory Elective - Human Resource Management

Career opportunities: Public accountant, business consultant, auditor, taxation agent, financial adviser, financial forecaster, analyst.

FINANCE

BACHELOR OF BUSINESS WITH A MAJOR IN FINANCE

Learn how to analyse and assess financial forecasts and the value of companies, to manage risk, to investigate investment opportunities, and to examine the values of assets such as shares and bonds.

Subjects in the Finance specialisation include: Financial Statistics, Financial Management, Financial Risk Management, Management of Investment Portfolios, Fixed Income and Debt Markets, Alternative Investments, Ethics of International Finance, and Finance Law.

Plus: Electives from any field of study e.g. Accounting, Human Resource Management, International Business, Management, Marketing.

Note:

- Compulsory Elective - Human Resource Management

Career opportunities: Investment manager, financial forecaster, business manager, accounts clerk, project manager, administrator, risk analyst.

HUMAN RESOURCE MANAGEMENT

BACHELOR OF BUSINESS WITH A MAJOR IN HUMAN RESOURCE MANAGEMENT

Learn about the impact of human resource management as the driver of innovation and high performance in the workplace. Gain the skills and knowledge to manage and coordinate people to achieve strategic business objectives.

Subjects in the Human Resource Management specialisation include: Human Resource Management, Dynamics of Diversity in Organisations, Managing Workplace Relations, Performance Management and Innovation, Organisational Behaviour, International Human Resource Management, Human Resource Analytics, and Law of Employment.

Plus: Electives from any field of study e.g. Accounting, Finance, International Business, Management, Marketing. Professionally accredited by the Australian Human Resources Institute.

Career opportunities: HR adviser, HR consultant, HR manager, organisational change coordinator.

INTERNATIONAL BUSINESS

BACHELOR OF BUSINESS WITH A MAJOR IN INTERNATIONAL BUSINESS

Discover the importance of culture, politics, trade and business policies; time zones; economic systems; currencies and business customs; and learn about their effects on an organisation with international interests.

Subjects in the International Business specialisation include: International Business Operations, Global and Digital Marketplaces, Asian Regionalism and Global Business, Sustainable International Business Strategy, Global Business Across Cultures, International Human Resource Management, Ethics of International Finance, and Global Logistics and Supply Chain Management.

Plus: Electives from any field of study e.g. Accounting, Finance, Human Resource Management, Management, Marketing.

Note:

- *Compulsory Elective - Human Resource Management*

Career opportunities: Graduates may wish to seek employment in a wide range of fields such as accounting, business analysis, commercial law, communications, entrepreneurship, event management, finance, financial planning, human resources, international business, management, marketing or public relations

MANAGEMENT

BACHELOR OF BUSINESS WITH A MAJOR IN MANAGEMENT

Learn about the role of management in business and discover how key resources must be planned, monitored and controlled to meet strategic business objectives. Develop the skills to manage yourself, to organise and lead others, to make creative and well-informed decisions, and to evaluate current situations.

Subjects in the Management specialisation include: Human Resource Management, Business and Society, Organisational Behaviour, Project Management Essentials, Strategic Planning, Leadership Practice and Skills, Organisation Theory and Practice.

Plus: Electives from any field of study e.g. Accounting, Finance, Human Resource Management, International Business, Marketing.

Career opportunities: Graduates may wish to seek employment in a wide range of fields such as accounting, business analysis, commercial law, communications, entrepreneurship, event management, finance, financial planning, human resources, international business, management, marketing or public relations.

MARKETING

BACHELOR OF BUSINESS WITH A MAJOR IN MARKETING

Develop the advanced marketing and managerial skills needed to succeed in the industry. Learn about consumer behaviour, innovation and design, planning, branding, channel design, integrated marketing communication and market research.

Subjects in the Marketing specialisation include: Marketing Research and Analytics, Integrated Marketing Communication, Consumer Behaviour, Marketing and Innovation, Frontiers in Digital Marketing, Marketing Strategy and Planning, Innovative Branding, and Marketing Insights.

Plus: Electives from any field of study e.g. Accounting, Finance, Human Resource Management, International Business, Management.

Note:

- *Compulsory Elective - Human Resource Management*

Career opportunities: Project manager, marketing specialist, market research manager, advertising consultant, brand manager, event coordinator, product manager.

BACHELOR OF BUSINESS INFORMATION SYSTEMS

Information systems address how people, information, computers, networks and processes come together to create cohesive business solutions.

The growing demand for IS professionals who can provide IS/IT expertise while showing an aptitude towards the organisational environment and the ability to communicate with the business users, means that graduates of this degree can enjoy career opportunities in the professional fields of business analysis, project management, or other fields where IS/IT-requisite skills and knowledge are highly valued.

You'll graduate with technical and analytical skills as well as the ability to assess, evaluate, and communicate the key aspects of IS/IT as an enabler of modern organisations.

INFORMATION SYSTEMS AT A GLANCE

CYBERSECURITY

BACHELOR OF COMPUTER SCIENCE WITH A MAJOR IN CYBERSECURITY

Learn the fundamentals of encryption systems, access control, the internet and get into the minds of malicious hackers and cyber-criminals. Learn their tricks and how to defeat them.

Subjects in the Cybersecurity specialisation include: Development Project 1 – Tools and Practices, Technical Software Development, Network Routing Principles, IT Security, eForensic Fundamentals, Information Systems Risk and Security, Network Security & Resilience, and Secure Remote Access Networks.

Career opportunities: Software developer, cybersecurity consultant, digital forensics expert, information system security officer, data analyst, digital developer, IT consultant, cybersecurity system designer.

DATA SCIENCE

BACHELOR OF COMPUTER SCIENCE WITH A MAJOR IN DATA SCIENCE

Learn the statistical methods and tools needed to manage big data sets and the visualisation techniques needed to represent and understand that data.

Subjects in the Data Science specialisation include: Foundations of Statistics, Introduction to Data Science, Object-Oriented Programming, Big Data Architecture and Application, Data Visualisation, Data Structures and Patterns, Introduction to Artificial Intelligence, and Development Project 1 – Tools and Practices.

Career opportunities: Business analyst, data scientist, data solutions manager, information systems analyst, market intelligence analyst.

NETWORK DESIGN

BACHELOR OF COMPUTER SCIENCE WITH A MAJOR IN NETWORK DESIGN

Learn how to secure information and communication systems and become competent in computer network technologies and security. Study programming, internet technologies, systems analysis and design, database technologies and software engineering, as well as advanced topics in computer networks and security.

Subjects in the Network Design specialisation include: Network Administration, Information Technology Project Management, Technical Software Development, Network Routing Principles, Enterprise Network Server Administration, UNIX for Telecommunications, Design & Management of Networks, and Advanced Switching.

Career opportunities: Network technician, telecommunication network designer, telecommunication network developer, network architect, software developer, data analyst, IT consultant.

SOFTWARE DEVELOPMENT

BACHELOR OF COMPUTER SCIENCE WITH A MAJOR IN SOFTWARE DEVELOPMENT

Learn how to architect big systems, write phone and tablet apps and produce software that is better than industry standard. Then scale your applications up to the cloud for hacker-proof, robust and reliable software applications.

Subjects in the Software Development specialisation include: Object Oriented Programming, User-Centred Design, Data Structures and Patterns, Software Development for Mobile Devices, Creating Secure and Scalable Software, Development Project 1 - Tools And Practices, IoT Programming, and Software Testing and Reliability.

Career opportunities: Software developer, cybersecurity consultant, data analyst, digital developer, IT consultant, network designer.

OTHER INFORMATION

APPLYING FOR CREDIT TRANSFER

What is credit transfer?

Credit transfer is exemption from certain course requirements in recognition for previous study. The term 'credit' is used interchangeably with 'Recognition of Prior Learning', 'advanced standing' and/or 'status' in Australian universities.

How to apply for credit transfer

You can apply for credit transfer by submitting a course or unit (subject) syllabus or other evidence of your skills with your application. You must also indicate on your application form that you are applying for credit transfer.

If your application for credit transfer is successful, your letter of offer will state the updated course duration and the amount of credit for which you have been assessed. If you do not apply for credit transfer when you submit your application, you can do so within the first week of commencing your course. Applications for credit transfer made after this time may not be approved.

INTI TRANSFER STUDENTS

You will need to obtain an Overseas Student Confirmation of Enrolment (CoE) from Swinburne to complete your student visa application. Your CoE must accompany your application. Visit homeaffairs.gov.au for more information.

OVERSEAS STUDENT HEALTH COVER

All student visa holders must have Overseas Student Health Cover (OSHC) for the duration of their study.

Swinburne will arrange your visa-length OSHC membership with our preferred provider, Medibank Private. The OSHC fee will be included with your deposit indicated in your letter of offer.

Visa-length OSHC membership is a once-only payment that provides rate protection for the duration of the visa. This means that even if OSHC fees increase during the duration of your visa, you do not have to pay any increase.

If you need to extend your OSHC (for example, if you fail some units and need to extend your stay in Australia to complete your course), it is your responsibility to do this directly with the OSHC provider. Additional fees will be charged at time of renewal.

Exceptions apply to Norwegian students insured under the Norwegian National Insurance Scheme (NIS), Swedish students with health insurance provided by Kammarkollegiet, and Belgium students covered under the Reciprocal Health Care Agreement within Australia. Please include evidence with your application if

Visit <https://www.swinburne.edu.au/study/life/living-in-melbourne/arriving-in-melbourne/plan-your-arrival/>

STUDENTS UNDER 18

If you are under 18 years of age, your parents must nominate a guardian who lives in Australia before you can be considered for a student visa. Your guardian must be over 21 years old, related to you and of good character.

If you do not have an appropriate guardian with whom you may live in Australia, you will need to engage a Swinburne-approved care provider. This arrangement will include accommodation restrictions and places may be limited depending on the availability of suitable accommodation options.

STUDENTS WITH FAMILIES

If you plan to bring your family to Australia, check if any restrictions apply by contacting the Department of Home Affairs or the Australian diplomatic mission in your country. You will also need to hold OSHC membership for your family.

Visit swinburne.edu.au/study/international/plan-arrival/family

Children

If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools.

If you will be enrolled as a postgraduate research student at Swinburne, the Victorian Government may provide exemption from tuition fees in Victorian government primary and secondary schools for your children.

Visit education.vic.gov.au to find a complete list of Victorian primary and secondary schools. Information about fees, applications and enrolment for government, primary and secondary schools may be found online at study.vic.gov.au

Applications to non-government schools must be made directly to the school of your choice.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.

YOUR RIGHTS AND RESPONSIBILITIES

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector's involvement with overseas students studying in Australia on student visas.

Visit studyinaustralia.gov.au to read a description of the ESOS framework.

Restrictions may apply if you wish to change your enrolment. Visit swinburne.edu.au/current-students/manage-course/ for more information about deferring, suspending or cancelling your enrolment.

Visit <https://www.swinburne.edu.au/current-students/manage-course/fees-paying-fees/refunds-international/> to read Swinburne's refund provisions, which are outlined in the offer acceptance form.
