Away from the classroom, a summer with MPW is both fun and enriching. A mix of UK and international students (we hosted students from 18 countries in 2022) provides the perfect environment to learn about different cultures and make friends.

“My favourite part has been the different activities, I’ve done a lot of things I’ve never done before!”

Owen - United Kingdom

There are activities to suit every interest. In both locations, students can look forward to a wide range of exciting cultural and social activities. These include cultural delights with trips to museums, galleries and theatres, as well as activities such as punting, escape rooms, ice skating, movie nights and karaoke.
