

HIGH SCHOOL

(9th Grade - 12th Grade)

The RAS High School curriculum qualifies students to earn a US High School Diploma. Student choice in all subject areas allows students to tailor their high school diploma to meet the requirements of desired future studies. Rigorous courses delivered with a focus on the RAS General Learning Outcomes are offered at varying levels of difficulty and commitment. The Advanced Placement (AP) offerings designed by the US College Board, which provide students the opportunity to earn university credits and gain a competitive edge in college admissions. Beginning in 10th grade, students work with a High School Guidance Counselor to assist in suitable course selection for potential university requirements. Graduation from RAS is, in itself, a passport to potential entry to virtually every university across the globe.

Passport to the World's Top Universities

- The RAS High School program qualifies students to earn a U.S. High School Diploma, providing them access to universities across the globe. RAS is an official SAT test center and offers a variety of Advanced Placement (AP) courses that prepare students for the world's top academic institutions.

Personalized College Counseling

- We offer personalized university counseling for our high school students to assist them with exploring their academic options after graduation and creating, managing, and tracking their college applications.

Accredited American Education

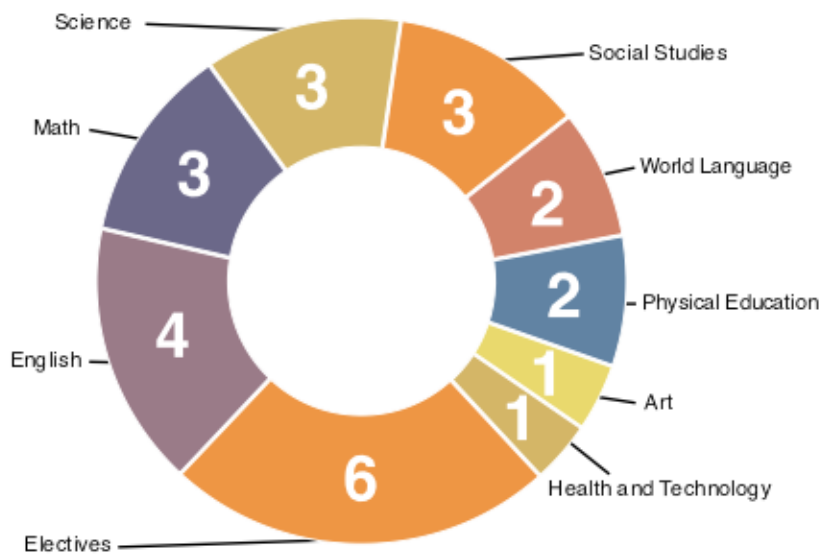

- RAS has achieved full accreditation status from the Western Association of Schools and Colleges (WASC) in the U.S.A. WASC is a world-renowned accrediting association working with the Department of State within the United States Government.

A Rigorous & Rich Curriculum

- Student choice of subjects provides independence and preparation for future studies.
- Qualified and experienced high school Educators are committed to student success.
