ABOUT THE CAMP

Raffles American School is one of the premier boarding schools in Malaysia and all of our teachers are native English speakers trained and accredited in the USA and abroad. The aim of the camp is to allow students to experience RAS and to participate in an intensive English language program that will build upon their current level of English. Class sizes are limited to 15 students per class to ensure individual attention is given to each student. During the camp, students will also be exposed to extra-curricular activities such as sports, music and arts after class as well as excursions on the weekends. Students will enjoy living on campus at our state-of-the-art boarding facilities where activities are planned for the evenings. While in boarding, all students will be cared for by our dedicated and professional boarding staff, and all meals and snacks will be prepared by our school chef to ensure that we only serve a balanced diet of fresh, nutritious foods.

CAMPUS DESIGN

Set among lush rolling hills in the fast-growing city of Iskandar, Malaysia, the new Raffles American School campus accommodates pre-kindergarten through 12th-grade students. The 19-hectare school a holistic learning environment seamlessly interwoven into its beautiful setting. Given the slope of the site, the campus consists of three main “terraces” with each terrace occupied by a cluster of grade levels. Our facilities include student-centered classrooms, labs, art studios, a performing arts center, a library, and student housing.

In the United States, people travel all the way to New York City to experience the planetarium in the Natural History Museum. Raffles American School has a custom-designed planetarium built on campus for our students to use and enjoy. At RAS, with our state-of-the-art facilities, your child is invited to **Think. Create. Succeed.**
